Are you thinking of test driving [used vans in Kings Lynn, Norfolk](#) ? It is important to consider the running costs of a van. Commercial vehicles can look to be cheap but you must check if the van dealer has priced the vehicle exclusive of VAT. The Ford Transit van is always a popular choice amongst the white van man drivers. Running costs are competitive and parts and accessories are easy to purchase and fit. Stebbings Car Superstore, in Kings Lynn, stock a wide selection of vans and also provide servicing and MOT. Stebbings also arrange cheap van finance through reputable lenders.
